Dear Mr. Ekka,

Mr. Pratap Ekka

Regional HR Head
Tata Consultancy
Services
Bhubaneswar, Odisha
pratap.ekka@tcs.com

I am excited to apply for the UI/UX Development Internship at Tata Consultancy Services (TCS) Bhubaneswar. As a third-year B.Tech Computer Science Engineering student at GIET Ganghapatna, I am eager to gain hands-on experience in UI/UX design, user research, and front-end development while contributing to innovative projects at TCS.

I have a good foundation in HTML, CSS, JavaScript, and React.js, along with a keen interest in designing user-friendly and visually appealing interfaces. I recently developed a personal portfolio website and worked on X.A.R.V.I.S., an AI-powered personal assistant, where I focused on enhancing the user experience and interface aesthetics.

An internship at TCS would provide me with the opportunity to learn industry best practices, real-world design processes, and user-centric problem-solving approaches. I am eager to collaborate with professionals, expand my knowledge, and refine my skills in UI/UX design within a corporate environment. I have attached my resume for your review. I would welcome the opportunity to discuss how my skills and enthusiasm align with TCS's UI/UX projects. Thank you for your time and consideration.
Best Regards,

Cherish Kumar Satpathy
